POLICY GUIDELINES FOR SCHOLAR TRANSPORT

1. DEFINITION OF TERMS

- 1.1 **Department:** The Department of Education of the Province of the Eastern Cape.
- 1.2 **Provincial Office:** The provincial office of the Department of Education of the Eastern Cape Province.
- 1.3 **District Director:** The departmental official in charge of a District Education Office and all schools that fall within that District.
- 1.4 **Circuit Manager:** An Education Development Officer or other official in charge of a group of schools that make up part of the District Education Office.
- 1.5 **The Act:** refers to the South African Schools Act no. 84 of 1996.
- 1.6 **Scholar Transport Subsidy (STS):** a system by which learners are assisted to reach learning institutions as per the Act.
- 1.7 **Application Form:** The prescribed STS 1 form used by the learners' parents/legal guardians to apply for a scholar transport subsidy.
- 1.8 **Claim Form:** The prescribed STS 3 form used to claim for transport provided during a month.
- 1.9 **Sliding scale:** The departmentally approved scale which indicates the percentage of the full subsidy payable to a parent according to the family gross annual income.
- 1.10 **Transport provider:** The owner of an approved vehicle who enters a contract to convey learners along a specified transport route approved by the Department.
- 1.11 **Suitable School :** A school, which offers the relevant phase of education and the learner's language of learning and teaching.
- 1.12 **School Day :** An official school day as prescribed in the Departmental school calendar.
- 1.13 **SGB :** The School Governing Body of the school elected in accordance with the Act.

2. INTRODUCTION

The Department of Education of the Eastern Cape Province has recorded with great concern that there are learners who walk long distances to and from school. In many instances this has resulted in poor attendance by learners; increased drop - out rates and, in some remote areas, a start to schooling at a late age by some learners or even failure to obtain any schooling at all.

With a view to addressing this problem, the Department decided to introduce a system of subsidized transport or boarding for certain learners.

It is Departmental policy to take the primary school to the learner and to take the learner to the secondary school. This means primary schools should be as near as possible to the majority of learners and secondary learners should be accommodated at centrally situated schools that serve as many learners as possible.

Where schools are not near to learners, a boarding allowance or a transport subsidy should be provided for the learners concerned. Under no circumstances may a learner qualify for a boarding allowance and a transport subsidy at the same time.

The Department is committed to providing this service to all learners who qualify but, due to financial constraints, priority will be given to learners in the most disadvantaged communities and those very far from the nearest school. As funds permit, this will be gradually extended to other areas.

This document therefore outlines very briefly the policy guidelines which the Department will employ to render and administer scholar transport to needy schools throughout the Province of the Eastern Cape.

3. CONDITIONS FOR PROVISION OF SCHOLAR TRANSPORT

The subsidized scholar transport service will be available to learners from Grade R to Grade 12 subject to certain conditions. These include but are not limited to:

- 3.1 The availability of access roads on which to transport the learners;
- 3.2 A transport provider who is willing to render the service and meet the conditions and requirements specified in clause 5.2; clause 6 and clause 11 below
- 3.3 There are learners that qualify for subsidies on that particular route; and
- 3.4 The approval of a transport route by the District Office of the Department.
- 3.5. The distance traveled by learners is 10km or more and 5km or more if physically disabled / in grade R/Foundation phase.
- 3.6. The subsidy is available
- 3.7. The subsidy has been applied for
- 3.8. The monthly and other income of the parents as compared with the minimum and the sliding scale applicable
- 3.9. The availability of a signed transport contract
- 3.10 Availability of STS data to ensure fairness in the prioritization for the approval of the subsidy
- 3.11 Learners are prioritized for this subsidy
- 3.12 The appropriate school is attended

4. THE FOLLOWING LEARNERS MAY APPLY FOR THE SUBSIDY

4.1 Learners who live in and attend school in the Province of the Eastern Cape:

AND

4.2.1 Learners who have to walk a distance of 10km or more to and from school per day (i.e 5km one way) BUT first priority must ALWAYS be given to those learners that travel the longest distance to and from school per day;

OR

4.2.2 Learners who have to walk a distance of between 5km and 10 km per day (minimum of 2.5 km to school per day) but who are in Grade R / the Foundation Phase or who have physical disabilities;

AND

4.3 Learners who do not receive a hostel boarding allowance;

AND

4.4 Learners whose parents' gross annual family income is below the relevant salary indicated on the current approved sliding scale;

AND

4.5 Learners who are attending the nearest suitable school i.e. the nearest school that offers the curriculum of the aspirant learner's choice.

AND

4.6 Learners who did not get space at an appropriate school but proof thereto should accompany the application

AND

4.7 Name of parent(s), whose income(s) is considered for approval of subsidy, should be the same as those appearing on the admission register

AND

4.8 Parentless learners should always be considered for the subsidy but proof of parentlessness should accompany the application

5. PROCEDURE FOR APPLICATION

5.1 PARENTS

- 5.1.1 An application form (STS 1) must be obtained from the principal of the school.
- 5.1.2 The parent must complete the form in accordance with the instructions contained in the document.
- 5.1.3 The document must be co-signed by a Commissioner of Oaths who is not the principal of the school which the learner attends.
- 5.1.4 The application must be returned to the school ON or BEFORE 15 NOVEMBER of the year before that for which the subsidy is requested.

5.2 PRINCIPAL AND SGB

- 5.2.1 The Principal and SGB must ensure that all application forms are handed out to parents by the 15 October of the year, before that for which subsidies are required.
- 5.2.2 The principal must ensure that forms are correctly completed, signed and that forms are submitted to the District Office on or before the 15 November.
- 5.2.3 The Principal must complete STS 2 (List of STS applicants) for all his/her applicants and attach their application forms (STS 1's) for submission to the District Office.
- 5.2.4 The Principal, SGB and the Circuit manager must acquire the services of a transport provider, decide on the routes and get them approved.
- 5.2.5 The Circuit manager should ensure that the correct procurement procedures are followed.
- 5.2.6 The Principal and SGB together with the Circuit Manager must ensure that a contract (STS 4) is signed with the transport provider before he/she commences with the transporting of the learners..
- 5.2.7 Late submission of forms may result in the applicant not receiving a subsidy for that particular year.
- 5.2.8 The Principal and SGB must ensure that parents who do not receive full subsidies pay directly to the service provider the difference owing.

5.3 THE DISTRICT OFFICE

- 5.3.1 The District Director must ensure that application forms are provided to all the relevant schools by the end of September of the year before that for which subsidies will be provided.
- 5.3.2 The District Director must assist the school with the selection and approval of transport routes, (using the appropriate form (STS 6)), transport providers and must ensure that schools and transport providers understand Departmental policy on transport subsidies.
- 5.3.3 District Director must ensure that applications are received from schools by the 15 November, that they are processed, that the list of schools whose applications have been approved is submitted to the Head Office on the prescribed form (STS 6) on or before the 31 December of the year before that for which subsidies will be provided.
- 5.3.4 The District Director must ensure that schools are informed which applications have been approved before the school re-opens for educators in January the following year.

6. TYPES OF VEHICLES THAT MAY BE USED

Since the conveyance of learners to and from school is regarded as a public transport service, the transport used for this purpose should conform to national road safety standards. Sedans, mini buses or bakkies with canopies may be used provided that they:

- 6.1 Are always in a roadworthy condition and the SGB should be able to request the transport provider to provide proof that the vehicle is roadworthy;
- 6.2 Are driven by drivers with valid drivers' licences and valid public road driving permits;
- 6.3 do not exceed the carrying capacity that appears on the registration certificate;
- 6.4 are owned by people who have adequate personal liability insurance.
- 6.5 The District Director is to liaise with the local traffic department at regular intervals to inspect vehicles used for scholar transport and the necessary documents requested from drivers for inspection at all times

7. ROUTES

- 7.1 The Principal and SGB, with the assistance of the Circuit Manager, should determine the transport routes to be used and submit detailed applications for those routes to the relevant office.
- 7.2 After receipt of the applications, the District Director must verify the routes before approval is given.
- 7.3 The approval of a route will depend on, among other conditions, those conditions that are set out in clauses 3 and 4 above.
- 7.4 Verification and approval of routes thereof will be done by the District Director subject to certain conditions. These include :
 - a) meeting conditions that are set out in clause 3 above;
 - b) there are learners who meet requirements specified in clause 4 above.
- 7.5 Applications for new routes must be made to the District office before 30 June of the year before such routes will be utilized for such purpose.

8. SUBSIDY

The maximum subsidy per learner must be determined and reviewed from time to time by the Head of Department.

9. CLAIM PROCEDURE

- 9.1 Claims may only be made for those learners whose applications have been approved by the District Director before or at the start of the school term.
- 9.2 Transporters and schools are to keep a record of the number of learners transported each day.
- 9.3 At the end of each month the school must complete a claim form (STS 3) for each transport provider.
- 9.4 The claim forms must reach the District office within 5 working days after the end of the month. Failure to do so may result in late payment or no payment at all.
- 9.5 The Principal is accountable for the correct completion of the claim form (STS 3).
- 9.6 The claim form must be certified as correct by the Principal and countersigned by the Chairperson of the SGB or a delegated parent SGB member.

10. PAYMENT PROCEDURE

- 10.1 Payment will be made electronically to the bank account of the transport provider who must complete and submit all documentation necessary to enable the Department to pay him/her.
- 10.2 Payment will be made for the actual number of school days on which transport was provided. These days are the days on the official school calendar on which learners actually attend school. In the case where a learner is hospitalized for a period exceeding 5 school days, a medical certificate must be submitted for purposes of payment.
- 10.3 In the event that the learner is absent from school for a period less than 5 days per month, the transport provider will receive the full sum due in respect of that learner.
- 10.4 Payment for transporting learners to and from sports or cultural activities, will be borne by the SGB.

11. CONTRACTS

- 11.1 A contract must be signed between the Transport Provider and the school represented by the SGB and the Principal on the prescribed form (STS 4) before the service is rendered.
- 11.2.1 Any governmental/departmental officer may sign a contract as transport provider, as long as he/she declares his/her business status/interest.
- 11.2.2 Active SGB members may as well sign as transport providers provided they also declare their business status/interests.
- 11.2.3 No principal may transport learners of his own school.

12. MONITORING AND CONTROL

- 12.1 The District Director is responsible for ensuring that the service is properly monitored and controlled and should send an official at least once per month to monitor the situation.
- 12.2 Principals as site managers are expected to provide all information required when visited by an official from the District or Provincial Office.
- 12.3 The following should be confirmed:
 - 12.3.1 Transport is actually being provided.
 - 12.3.2 The contract is in place.
 - 12.3.3 Learners arrive at schools on time as per the contract and the transport provider also signs the time book everyday.

- 12.3.4 The school's attendance register agrees with the attendance recorded for the learners conveyed.
 - 12.3.5 Payments are being made to the transport provider.
 - 12.3.6 The correct types of vehicles are being used and they are in a roadworthy condition and proof thereof should always be demanded.
 - 12.3.7 No principal or educator is benefiting from the subsidy system unless there is no alternative transport available or no one is prepared to render the service.
 - 12.3.8 The distances traveled exceed the minimum laid down for a subsidy.
 - 12.3.9 Learners traveling the longest distances to and from school are given the first preference at all times.
- 12.4 The Provincial office will at least once a quarter, monitor the operation of this service in all districts
- 12.5 A mechanism is devised on how to deal with corruption/breach of contract and other irregularities which are and have to be reported to the district office by the principal

13. DEVIATIONS FROM THE POLICY

Strong motivations from schools to deviate from the policy may be considered in the following cases:

- A learner qualifies to attend a comprehensive or specialized school or a school offering certain subjects and it is in her/his best interests to attend the school.
- An application is submitted later than 15 November of the previous year. (eg. a learner only enrolls at the school in January).
- A claim is submitted more than 5 working days after the end of a month.
- The use of a vehicle other than the type of vehicle allowed (eg. an enclosed trailer pulled by a tractor in certain rural areas).

NOTE: It is of vital importance that sufficient evidence be supplied to prove the genuine nature of any deviation in a documented form, and this evidence should be considered in the light of standing rules and regulations to avoid any dangerous precedent, before the deviation is allowed.

14. LIST OF ANNEXURES

- 14.1. Annexure 1: Approved amounts payable.
- 14.2. Annexure 2: STS 1 Application Form
- 14.3. Annexure 3: STS 2 School list of STS applicants
- 14.4. Annexure 4: STS 3 Claim form
- 14.5. Annexure 5: STS 4 Transport Contract form
- 14.6. Annexure 6: STS 5 Application for STS Route
- 14.7 Annexure 7: STS 6 District STS data & budget proposal
- 14.8. Annexure 8: STS 7 Provincial STS statistics
- 14.9. Annexure 9: STS 8 Provincial STS budget summary
- 14.10. Annexure 10: STS 9 Monthly STS expenditure
- 14.11. Annexure 11: Sliding scale

ANNEXURE 1
TRANSPORT SUBSIDIES
APPROVED AMOUNTS PAYABLE

The maximum amount payable per learner per month will be R50.

The maximum amount can be paid provided learners attend school and schools are officially open for all or part of at least four weeks in the month.

In the event of a school holiday falling during part of a month, an amount of R12.50 per learner will be payable for each week or part thereof that the learners attend school and the schools are officially open.

This rate will remain in force until changed by means of a notification from the Head of Department of the Department of Education of the Province of the Eastern Cape.

In cases where parents do not qualify for the full subsidy, as per the approved sliding scale which will from time to time be reviewed by the Head Of Department , they will be responsible for paying the difference between the subsidy they receive and the full subsidy to Transport Provider via the School.

If Transport Providers wish to charge a sum higher than that provided for by the subsidy, they must negotiate this with the SGB. The parents of the learners, and not the Department, will be responsible for paying the difference, via the school, to the Transport Provider. This amount must be recorded in the contract.

A payment is made only for days on which a learner attends school. However, if a learner is absent for five or fewer days per month, the subsidy will be paid in full. If a learner is absent for more than five days per month, subsidy will only be paid in full on production of documented evidence to prove the absenteeism e.g. a medical certificate.

APPLICATION FOR SCHOLAR TRANSPORT SUBSIDY INSTRUCTIONS

- a) This form must be completed in full by the learner's parent or legal guardian.
- b) In cases where parent(s)/legal guardian is/ are illiterate, this form should be filled in by the school principal in the presence of the parent or legal guardian. Should the need arise, the parent can then take the form to the employer or commissioner of oath as may be required.
- c) Care must always be taken to ensure that parents clearly understand the content and purpose of filling in this form and the meaning of subsidy thereof.
- d) The completed application form must be submitted to the principal as soon as possible who in turn will submit them to the district office on or before the 15 November.
- e) Applications made and approved for a learner to attend a particular school are not transferable. Should the learner change or be transferred to another school, new application must be made, if necessary.
- f) A separate form must be filled in for a separate learner belonging to the same family but attending a separate school.

PRO-FORMA TRANSPORT CONTRACT FOR SCHOOLS

SCHOLAR TRANSPORT

This contract is entered into between
School (hereafter called the school), EMIS no., whose physical address is
.....

Tel. no. Fax no.
AND Mr/Mrs/Ms.
(hereafter called the transport provider) whose physical address is
.....

ID no. Tel. Fax. Cell.
and whose contracting vehicle is described as follows. Type
Make Model Registration no. with /
without canopy in case of a bakkie. The Transport Provider hereby agrees to convey a
maximum of and a minimum learners to the school situated at
..... and going via to
arrive at the school by 07h40 on each day on the official calendar. The learners will be
conveyed along the same route from 15h00 each afternoon, unless otherwise arranged,
provided at least 48 hours notice has been given by the school.

The Transport Provider will ensure that:

- The vehicle is a sedan, minibus or bakkie with canopy and that it is in a roadworthy condition.
- The driver has a driver's licence and public driving permit.
- The vehicle is insured.
- The vehicle does not exceed its registered carrying capacity.
- The owner has a public liability cover in the event of an accident.
- Only bona fide learners are conveyed (except for)

PAYMENT PROCEDURE

- Payment will only be made for the official school days indicated on the calendar provided by the Department of Education.
- Payment per learner will only be for those days the learner attends school but, should the days absent be fewer than 5 per month, a full subsidy will be paid.
- Payment for transport subsidies will be made electronically by the Department to the bank account of the Transport Provider and the transport provider must complete and submit all necessary documentation to the Department of Education to enable payments to be made electronically.
- If parents do not qualify for the full subsidy, the difference will be paid to the school who will pay this over to the transport provider.
- If the agreed tariff is higher than the maximum subsidy payable, parents will pay the difference to the school who will pay this over to the transport provider.
- The transport provider is to keep a register of learners conveyed each day and submit this to the school at the end of each month.
- The amount payable will be R..... per learner per complete month.
- In the event of a school holiday falling during part of a month, an amount of R..... per learner will be paid for each week or part thereof that learners are transported.
- The owner of the vehicle(s) used to convey learners must have a vehicle and public liability insurance cover as the school and the Department cannot accept liability in the event of an accident.

PLEASE NOTE WELL: In case of change, temporary or permanent, of any nature in the contents of this contract e.g. a new or another vehicle acquired to continue this contract obligations, a new contract **MUST** be signed and entered into by the school and the service provider.

Signed at on this day of 20.....
